Please note there is a small technical problem with questions 13 and 19 which does not allow multiple selections to be made. Please add a note in the comment boxes if needed.

Please forward this survey to your colleagues and to members of national veterinary history societies. It will remain open until 20 September.

Survey findings and WAHVM's responses will be posted on www.wahvm.org by the end of 2016.

Please also advise Andrew Gardiner, Secretary (sender of this email) of changes to your contact details or updated contacts for our database and future mailings.

Thank you,

Abigail Woods
